A Major Change to the REAC Inspection is COMING - APC is ready! - ARE YOU NSPIRED? Effective 3/25/2019 HUD implemented the following changes and *more* in 2019. HUD employees and contract inspectors acting on behalf of HUD shall provide 14 calendar days' notice for a REAC inspection. If you decline to accept the first inspection date, a second date within 7 calendar days is offered, if you decline both dates for inspection, a presumptive score of "0" (zero) will be recorded. HUD also released its plan to change the Unit scoring value to 50% of the property score; then Inside and Outside (25% each) and the registration for the pilot demonstration is currently open. HUD's new NSPIRE model focuses on inspections that protect families and reflect the property's true physical condition. This represents a major change in HUD's attitude toward the inspection approach and these changes will affect your properties. APC is the leader when it comes to these *NEW CHANGES and NSPIRE*. Our inspectors are fluent and knowledgeable on all of the definition changes and updates and our *NEWLY Updated Field Guide* includes *NIS/Compilation Bulletin References*.

Please make checks payable to: VAHCDO, Attn: Valerie Hill Neal, Post Office Box 797, Newport News, VA 23607. *Please submit registration forms and payment no later than April 27, 2020.* On-site registration accepted. For the 2-day seminars each trainee will receive a 9 tab, 75+ page, training seminar manual and the NEWLY Updated, one-of-a-kind 150 page, detailed Field Guide defining the defects and deficiencies that are inspected with color pictures and the updated Compilation Bulletins, and inspection preparation tools. All attendees will also receive a certificate of participation in the training seminar and those taking and passing the optional separate proficiency examination will be certified by APC as a **UPCS Inspector**.

THIS IS A GREAT CROSS TRAINING OPPORTUNITY!!!!
